Lunch

Meeting called to order at 11:30.

Introductions of all present.

Guest Speaker: Laura Lindstrand with the Human Right Commission. Discussion review of Fair Housing topics and Service Animals.

- 1) Pregnancy concerns
- 2) Service Animals vs Companion Animals and the fact that FEDERAL LAW supercedes WA State law. If resident is claiming a service animal it is acceptable to request a note from a MEDICAL provider. If there are multiple pets there must be a note for each. We also can require the letter to explain very clear information & detail of what the pet is to provide for the resident. If a home that owner has pet allergies we need hard numbers of cost to turn over home. IF RESTRICTED BREEDS cause undo hardship on the owner and the owners insurance we DO NOT have to accept restricted breeds.
